Lucius, an ancient roman architect who is having trouble coming up with ideas, one day discovers a hidden tunnel underneath a spa that leads him to a modern Japanese public bathhouse. Inspired by the inventive aspects of Japan's bathing culture, Lucius returns to ancient Rome and creates his own spa. As the time-slips back and forth between ancient Rome and modern Japan, Lucius' reputation as the ingenious new bath architect begins to grow. The story is an adaption of an award winning Japanese popular animation.
