

## H.E. Mr. Nishimaki visiting The Namibian Institute of Mining and Technology (NIMT) in Arandis (14 April 2023)

2023/4/14

On 14 April 2023, during the Trip to the Erongo region, Ambassador Nishimaki visited The Namibian Institute of Mining and Technology (NIMT) in Arandis, where Mr. Hodaka Kato, Japan Overseas Cooperation Volunteer (JOCV) is working as a teacher of Electric and Electronic Equipments. Ambassador Nishimaki visited a Mr. Kato's class, followed by a meeting with representatives of NIMT and a tour of the school facilities including practical training places for the students.

Mr. Ralph Bussel, Executive Director of NIMT, thanked the Ambassador for his visit and expressed his deep appreciation to the Japanese government for the valuable knowledge that will be shared with the trainees as a result of dispatching Mr. Kato as a JOCV to NIMT. The Representatives of NIMT explained that the school emphasizes discipline and focuses on the practical training needed in industry to help students find appropriate jobs after graduation.

Ambassador Nishimaki expressed his gratitude for the opportunity to see Mr. Kato's activities as JOCV, explained Japanese Official Development Assistance (ODA) to Namibia, particularly in the education sector, and stated that the Japanese government would continue to provide assistance for the future development of Namibia.
