

## Ambassador Asazuma's participation in Digital Rehabilitation Workshop (4 March 2025)

2025/3/4

On 4 March 2025, Ambassador Asazuma participated in a seminar on "Digital Rehabilitation," a prison reform project funded by the Japanese government and implemented in Namibia by the United Nations Interregional Crime and Justice Research Institute (UNICRI). The project began in 2023, and the actual digital tool for prisoners' rehabilitation programme will be installed in Namibian prisons and the training on their appropriate and ethical use will be held this year.

The seminar included a presentation on digital rehabilitation and group work for staff of Namibian Correctional Service.
