

Launch of Kumon's pilot program at M.H. Greeff Primary School (24 April 2025)

On 24 April 2025, Kumon after-school pilot program at M.H. Greeff Primary School was officially launched. This KUMON pilot program for mathematics aims at enhancing learning through self-learning techniques, perseverance, concentration, discipline, and time management. Kumon is a Japanese company and has the world's largest after-school math and reading program, operating in more than 60 countries around the world.

During the ceremony, Ambassador Asazuma said the aim of this project is to contribute to the Namibian future for the development of industrial human resources in Namibia starting at the beginning level and he hopes that the programme will contribute meaningfully to Namibian learners and enhance the longstanding relationship between the nations. M.H. Greeff Primary School Principal Mr. Kandetu expressed his excitement and gratitude that the school was the first public school in Namibia to implement the Kumon education method.
