

GGP School Building Handover Ceremony at Liswani III Primary School in Zambezi Region (18 February 2026)

On 18 February 2026, Ambassador Asazuma officiated at a GGP funded handover ceremony where a new school buildings(4 classrooms and 1 storage room) was constructed at a cost of US\$72,407 at Liswsain III Primary School in Zambezi Region from the Grassroots/Human Security Grant Aid program. The provision of this new building enables children, who previously had to study in makeshift mud-walled structures, to learn in proper classrooms. The ceremony was attended by Hon. Dorothy Mareka Kabula, Governor of Zambezi Region, who expressed gratitude to the Government and people of Japan in her speech. Supporting Namibian children through this project contributes to strengthening bilateral relations between Japan and Namibia.
