

Ambassador Asazuma's Speech at the Africa Green Industries Summit

10 September 2026

On 10 September 2026, Ambassador Asazuma delivered a speech at the Africa Green Industries Summit held in Swakopmund, focusing on Japan's initiatives in the green industry sector.

The Ambassador highlighted, in particular, the expanding involvement of Japanese companies and relevant organizations in Namibia's energy and resources sectors.

The Ambassador also stated that the Government of Japan will steadily advance efforts to harness Namibia's green industry potential by strengthening collaboration with the Government of Namibia, businesses, financial institutions, and international partners.
